

## Tasks to perform the day before you move

The day before you move will be busy, so make sure you don't forget the following:

- If you're packing yourself, ensure all boxes are packed, sealed and clearly labelled.
- Keep all valuable jewellery, passports, important documents, money, tickets etc with you.
- Make sure any gas cylinders have been emptied - please do not do this task by yourself (your supplier or local garage may be able to help).
- Make sure fuel has been drained from fuel-driven appliances such as lawn mowers.
- Disconnect stereo system and computer equipment. Tape all wires and leads together.
- Remove all CDs etc prior to transport.
- Arrange to be at your home on both packing and uplift days. If you cannot attend, please have someone you trust to attend and act as your representative.
- Fridges and freezers to be empty.
- Cooker and washing machine plus dishwasher to be disconnected.
